INVITATION

As a contribution to the debate on Europe's Beating Cancer Plan, this symposium will focus on integrative oncology as a patient-centered, evidence-informed field of cancer care. Integrative oncology utilizes practices from different traditions, alongside conventional cancer treatments, aiming to optimize health, quality of life, and clinical outcomes. The symposium will present key learnings from Baden-Württemberg, a leading region in the field of integrative medicine and oncology.

AGENDA

WELCOME

Bodo Lehmann, Head of the Representation of the State of Baden-Württemberg to the European Union
